Activity: Do a jigsaw puzzle together. Talk about all the parts in a puzzle are important and when they are fit together they make a wonderful picture. Or create your own people puzzle. If you have a large enough piece of paper or card, trace around a family member, cut it out and then cut it into pieces. Take in turns putting it back together.

Blow up several balloons. Ask 1 person in the family to try and keep them all floating in the air without touching the ground. Not easy. Now ask another family member to join help. That makes it easier but still we had balloons falling to the ground. Let the whole family join in. Now the balloons all stay up. We are a family. We all join together to make our family work. It is the same in God's family. Our Bible story for today talks about One body but many parts. God has given us each strengths and gifts. We are to use our gifts together – to work together to share God's love with all.
